EDUCATION

University of Engineering and Management

Bachelor of Technology in Computer Science Engineering

Kolkata, India

Aug. 2022 – Present (Expected: 2026)

EXPERIENCE

Full Stack Developer

June 2024 – Present

CloudFixMedia

Kolkata

- Implemented a client communication system, improving engagement and response times.
- Engineered a full-stack web application using React, Node.js, MongoDB, and Docker to create a seamless client interaction platform.

DSA Instructor

August 2023 – July 2024

Edzie

Kolkata

- Mentored 40+ students across multiple batches, strengthening their problem-solving and logical thinking skills.
- Improved students' logic building and problem-solving skills.
- Developed structured learning plans, making DSA concepts more approachable and engaging.

PROJECTS

Medify | Flutter, GetX, Dio, Flask, Twilio IVR, PostgreSQL, REST API

Dec 2024 - Present

- Built an advanced medicine reminder system with automated IVR call notifications.
- Enabled real-time tracking of patient responses for caregivers.
- Integrated APScheduler for efficient scheduling and PostgreSQL for data management.

Hindsvaasthseva | React, Tailwind, REST API

Dec 2024 - Present

- Developed a platform for healthcare providers to manage patient data and appointments.
- Enabled users to access medical history and estimate treatment costs.

PuroTaja | Flutter, GetX, Dio, REST API, Git

Nov 2024 - Jan 2025

- Built a quick-commerce app for selling fish in local areas, boosting seller sales.

AttendMe | Flutter, Firebase, Dart, Git

Dec 2023 - Feb 2024

- Developed an attendance management system with QR-based check-ins.
- Enhanced security with GPS verification and developer mode restrictions.
